

## Environment

From the Everglades to our coastline, Lake Okeechobee to the Indian River Lagoon, Florida's 16th District has one of the most scenic, biologically diverse and endangered natural ecosystems in the world.

Tim is committed to producing the best results for all Floridians by working to bridge agricultural and environmental interests. He is fighting to protect the Everglades through the Comprehensive Everglades Restoration Project and is committed to restoring Florida's environment by protecting its natural beauty and biological diversity.

Martin County Commissioners presented Congressman Mahoney with the prestigious "Friend of the River" Award for his work on restoring the Everglades and Indian River Lagoon
